

Message from  CEO, Mark Floersch:

Dear valued clients and partners,

CATCH Intelligence is taking precautions to ensure the safety, health, and well-being of its employees, clients, friends, and family. **Effective Friday, March 20th, our team will begin working remotely. All locations will be physically closed indefinitely** as a precautionary measure to slow the spread of the coronavirus (COVID-19) within our communities and homes. We will communicate when our operations plan to move back to each of our physical locations.

CATCH Intelligence continues to remain OPEN VIRTUALLY as our entire team is currently working remotely from home over the regular office hours (8 am to 5 pm CST).

How To Reach Us.

We will continue to keep up with the pace of business and will be providing quality level of service. All phone lines will be operating, and you can reach us through email or phone.

We Will Get Through This Together.

Most of all, our team at CATCH Intelligence wishes you, your family, and your team health (and sanity) during this challenging time. It's times like today that we find comfort and strength in our community and rely on our resolve and determination to make the best of the disruption to our daily lives. We all have a choice in how we react to the current situation and CATCH Intelligence is choosing to be proactive as much as possible, and when action is necessary, we will act with a servant heart. Now is the time we band together to help one another. We care, and we must continue to take every proper action to stay safe.

Let us know if you have any questions regarding these changes. We value YOU, our clients, team, friends, and family. Thank you for your partnership, patience, compassion, and understanding in these unprecedented, historic times. We are here for you, and we will get through this together.

Thank you,

Mark Floersch
CEO, CATCH Intelligence
