### **BI Portal - Theming Updates**

### Announcing a Redesigned User Interface

BI Portal has a refreshed new look! We're excited to announce that we have updated the user interface to reflect modern navigation standards, redesigned layouts and updated icons. Our goal is to provide an enhanced experience with more workspace to the screen.

#### **Required Changes to Graphics**

- New size for Header Graphic
- Add a new Small Logo
- Administrators can upload files within: Tools and Configuration > Themes > BI Portal Theme Collection Select your Theme > Edit > Upload Logo

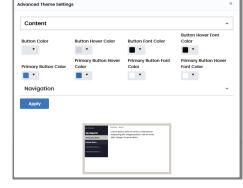

Please reach out to your CATCH Support representative if you need assistance with adjusting your graphics to support theme settings.

#### **Theme Settings**

- Updated settings for Button and navigation colors, sidebar width and height.
- Previously uploaded Custom CSS files for BI Portal themes may not apply as intended. Administrators have the ability to upload a new Custom CSS file.
